HAND-DRAWN CURTAIN TRACKS

ACT41 Hand-drawn Curtain Track

Product reference: ACT41 Hand-drawn Curtain Track

A hand-drawn curtain track for medium-weight curtains and deep headings, with standard or wave gliders and several fixing options.

- Suitable for medium-weight curtains and deeper headings
- Standard or wave-glider options
- Several compatible bracket arrangements

Key specifications

Operation	Hand-drawn
Published length	500-10000 mm
Published curtain load	Up to 6 kg per metre, subject to the complete fixing specification
Tracks over 5000 mm	Two sections with a track connector
Wave glider pitch	60 mm or 80 mm

Options to discuss

- Ceiling or universal brackets
- Compatible wall-projection brackets
- White, clear or black control rods in 750, 1000 or 1250 mm lengths
- Optional wave hangers

Before you order

- The fixing surface and bracket spacing govern the supported installation.
- Curtain heading and glider pitch must be specified together.
