VENETIAN BLINDS

Tensioned Aluminium Venetian Blind

Product reference: Tensioned Aluminium Venetian Blind

A guided 25 mm aluminium Venetian configuration for suitable openings, with its own narrower size limits and compatible finish choices.

- Guided 25 mm Venetian arrangement
- Adjustable slat screening
- Separate configuration for suitable windows

Key specifications

Slat width	25 mm
Published width	162-1400 mm
Published drop	150-3000 mm
Configuration	Tensioned aluminium Venetian; fixing arrangement confirmed per project

Options to discuss

- Compatible 25 mm colour and finish
- Appropriate guide and mounting detail
- Control position assessed with the opening

Before you order

- Standard free-hanging Venetian maximum widths do not apply.
- Guides and lower fixings require a suitable installation surface.
