CURTAIN POLES

Capital Curtain Pole

Product reference: Capital Curtain Pole

A 35 mm decorative curtain-pole system with internal gliders, seven finishes and manual or motorised configurations.

- Decorative pole appearance with internal gliders
- Seven coordinated finishes
- Manual and powered options

Key specifications

Nominal pole diameter	35 mm
Operation	Hand-drawn or compatible motorised configuration
Published length	500-10000 mm
Poles over 5000 mm	Two sections with a joiner
Published profile load guidance	Up to 15 kg per metre; drive and fixings require separate assessment
Wave glider pitch	60 mm or 80 mm

Options to discuss

- Ball, full end-cap or flush end-cap finial
- White matt, silver, champagne, brushed gold, bronze, anthracite or black
- Compatible face-fix, ceiling, suspended or double brackets
- Dream or Somfy configuration where specified

Before you order

- Published profile capacity does not establish the capacity of every motor or fixing arrangement.
- Finials and bracket projections need space outside the curtain opening.
