ROMAN BLIND HEADRAILS

# Motorised Roman Headrail

Product reference: Motorised Roman Headrail

A powered Roman headrail for compatible fabric blinds, with Dream or Somfy configurations and headrail-only or complete-kit supply.

- Powered lift without an operating chain
- Headrail or kit formats
- Compatible remote or interface options

## Key specifications

| | |
|---|---|
| **Published width** | 365-3000 mm |
| **Operation** | Compatible motorised Roman drive |
| **Motor families** | Dream or Somfy configuration as specified |
| **Supply options** | Assembled motorised headrail or complete hardware kit |
| **Rear-cord provision** | Appropriate safety cord adjusters remain required |

## Options to discuss

- Selected motor and controls
- Compatible brackets and Capital Fascia
- Making-up kit with rods and bottom bar

## Before you order

- Size, cloth weight and drive must be assessed together.
- A complete hardware kit does not automatically include the finished fabric blind.
