CORDED CURTAIN TRACKS

ACT60 Corded & Hand-drawn Track

Product reference: ACT60 Corded & Hand-drawn Track

A rounded-profile curtain track in white or black, with corded or hand-drawn operation and standard, roller or wave-glider options.

- Two operating methods in one profile family
- White or black finish
- Standard and wave-heading configurations

Key specifications

Operation	Corded or hand-drawn
Finishes	White or black
Published length	500-10000 mm
Published curtain load	Up to 8 kg per metre, subject to the complete fixing specification
Tracks over 5000 mm	Two sections with a track connector
Wave glider pitch	60 mm or 80 mm

Options to discuss

- Suitable standard, roller or wave gliders
- Ceiling swivel or compatible wall brackets
- Optional wave hangers
- Control rod for the hand-drawn version

Before you order

- Corded installations require an appropriate control and restraint position.
- Curtain heading, support spacing and finished weight must be confirmed.
