PLEATED & CELLULAR BLINDS

Shaped Roof Pleated Blind

Product reference: Shaped Roof Pleated Blind

A specialist single-pleat roof blind for supported shaped openings. Send the glazing layout to AdamsBlinds for a configuration and installation assessment.

- An option for supported non-rectangular roof panels
- Single-pleat fabric tailored to the geometry
- Specification assessed from a roof drawing

Key specifications

Fabric construction	Single pleat only
Minimum top-rail width	100 mm
Dimensions	Shape-dependent; individually confirmed
Drawing viewpoint	From inside the room looking up at the glazing

Options to discuss

- Supported shape and operating arrangement
- Available compatible single-pleat fabrics
- Hardware and fixing detail

Before you order

- Not all roof shapes are supported.
- Cellular fabrics are not included in this shaped-roof configuration.
