HAND-DRAWN CURTAIN TRACKS

ACT50 Hand-drawn Curtain Track

Product reference: ACT50 Hand-drawn Curtain Track

A compact hand-drawn curtain track for voiles and suitable layered arrangements, with standard or wave gliders and wall or ceiling fixing.

- Compact profile for suitable lighter curtain layers
- Options for coordinated double-track layouts
- Standard or wave-glider arrangements

Key specifications

Operation	Hand-drawn
Published length	500-10000 mm
Published curtain load	Up to 5 kg per metre, subject to the complete fixing specification
Tracks over 5000 mm	Two sections with a track connector
Wave glider pitch	60 mm or 80 mm

Options to discuss

- Ceiling or universal bracket
- Compatible wall-projection brackets
- White or clear 750, 1000 or 1250 mm control rod
- Optional wave hangers

Before you order

- Two-track clearance depends on the curtain heading and fullness.
- Load and support requirements must be assessed for the actual installation.
