DAY & NIGHT BLINDS

Motorised Day & Night Blind

Product reference: Motorised Day & Night Blind

A powered day and night blind with motor-specific fascia and size options. Discuss fabric, charging or wiring and compatible controls with AdamsBlinds.

- Powered band and blind-height adjustment
- Suitable for difficult-to-reach windows
- Individual or grouped control where specified

Key specifications

38 mm battery	Width 540-2250 mm; maximum drop 2250 mm
38 mm mains	Width 545-2250 mm; maximum drop 2250 mm
45 mm battery	Width 750-2400 mm; maximum drop 2800 mm
45 mm mains RJ12	Width 640-2400 mm; maximum drop 2800 mm
45 mm wired	Width 570-2400 mm; maximum drop 2800 mm
45 mm fascia requirement	Capital Fascia only for the listed configurations

Options to discuss

- Compatible motor, remote and optional hub
- Day-and-night fabric ranges
- Fascia and bottom-bar finish matched to configuration

Before you order

- Motor and fascia compatibility must be checked together.
- Motorisation does not change the fabric’s privacy or blackout properties.
