DQ COLLECTION

BLIND FASCIA SYSTEMS

Capital Fascia

Product reference: Capital Fascia

A modular blind fascia in 90 mm or 120 mm heights, with coordinated colours, return ends and corner options for suitable single or multiple blinds.

- Modular straight, return and corner arrangements
- Two fascia heights
- Coordinating bottom-bar and side-profile options

Key specifications

Fascia heights	90 mm or 120 mm
Published maximum profile length	5000 mm
90 mm finishes	White, brushed silver, anthracite or black
120 mm finishes	White, cream, brushed silver, champagne, anthracite or black
Specified RAL references	White RAL 9010; cream RAL 1013; anthracite RAL 7016; black RAL 9005

Options to discuss

- Top-fix or suitable face-fix brackets
- Joined runs and available corner components
- White, anthracite or black Capital bottom bar
- White, brushed silver, anthracite or black side profiles

Before you order

- Compatibility and internal clearance must be checked for the complete blind.
- Side profiles can reduce edge gaps but do not by themselves establish full blackout.
