EVE MOTIONBLINDS

Motion 15 Channel Remote

Product reference: 191765

A 15-channel Motion remote for a confirmed compatible motorised blind arrangement.

- 15-channel handheld format
- A local control option for compatible motors
- Specified around the existing motor generation

Key specifications

Product reference	191765
Channels	15
Product reference	191765
System requirement	Confirmed compatible Motion motor generation

Options to discuss

- Additional local handset
- Individual or grouped blind layout subject to configuration
- Coordinated operation alongside supported existing controls

Before you order

- Do not assume compatibility solely from the number of channels.
- The handset does not add unsupported smart-home features to a motor.
