ROMAN BLIND HEADRAILS

Classic Roman Headrail

Product reference: Classic Roman Headrail

A chain-operated Roman headrail with 1:1 or 1:4 gearing, available as assembled hardware or a complete making-up kit.

- Two gearing choices
- Headrail-only or making-up kit supply
- Different compatible bracket arrangements

Key specifications

Operation	Chain control with 1:1 or 1:4 mechanism
Assembled headrail	Rail, chain, chain-safety components and swivel brackets
Complete kit additions	Five fibreglass rods, white aluminium bottom bar and clear sew-on safety cord adjusters
Cord layout	Number of drums selected for the headrail width

Options to discuss

- Control-chain finish and operating side
- Swivel, spring or suitable extension brackets
- Compatible Capital Fascia detail

Before you order

- A hardware kit does not include a finished sewn Roman blind.
- Fabric weight and rear-cord safety must be assessed for the complete blind.
