MOTORISED CURTAIN TRACKS

Classic Motorised Curtain Track

Product reference: Classic Motorised Curtain Track

A motorised curtain track with Dream or Somfy options, preset travel limits and a pull-to-start function on the specified arrangement.

- Powered single or paired-curtain movement
- Compatible Dream or Somfy drives
- Ceiling or wall mounting arrangements

Key specifications

Published length	500-10000 mm
Dream motor load guidance	Up to 50 kg, subject to the selected drive and layout
Somfy motor load guidance	Up to 60 kg, subject to the selected drive and layout
Tracks over 5000 mm	Two equal sections with joiner; on-site assembly required
Operation features	Preset limits and specified pull-to-start function

Options to discuss

- Appropriate remote and optional control interface
- Suitable roller or wave-glider specification
- Swivel or one-touch ceiling brackets with compatible L brackets

Before you order

- Motor load limits are not per-metre track ratings.
- Control compatibility and electrical responsibilities must be confirmed.
