SKYLIGHT BLINDS

Roof-window Skylight Blind

Product reference: Roof-window Skylight Blind

A guided skylight blind for supported roof-window codes, with hand or pole operation and a choice of silver or white hardware.

- Sized around supported roof-window models
- Guided fabric and coordinated frame
- Optional reach poles

Key specifications

Window compatibility	Supported Velux, Fakro, Keylite and Rooflite/Dakstra codes only
Operation	Hand control or optional telescopic pole
Hardware	Silver standard; white available
Control poles	2 m or 3 m options
Keylite restriction	Codes beginning T or P are not supported by the listed range

Options to discuss

- Silver or white hardware
- Selected compatible fabrics
- 2 m or 3 m telescopic operating pole

Before you order

- The full window code must be checked before order.
- A published brand match does not mean every window model is supported.
