DREAM POWER & CHARGING

Dream USB-C Solar Panel

Product reference: 191686

A slim solar-charging accessory for a confirmed compatible rechargeable blind-motor setup.

- Slim 600 mm panel format
- USB-C connection
- Adhesive pads or optional bracket mounting

Key specifications

Product reference	191686
Published dimensions	600 × 65 × 4 mm
Connector	USB-C
Listed mounting provision	Self-adhesive pads
Optional mounting accessory	L brackets 727901, ordered separately

Options to discuss

- Verified compatible motor/battery arrangement
- Adhesive or assessed bracket mounting
- Cable routing and access for alternative charging

Before you order

- Solar charging depends on the light reaching the panel.
- A compatible connector alone does not confirm electrical suitability.
