DQ COLLECTION

Specification	Detail
Fabric suitability for moist conditions	Yes
Listed vertical formats	89 mm, 127 mm louvres; colour availability varies by format

Options to discuss

• Available material formats: roller fabrics, vertical fabrics. Confirm the colour and reference for each format.

• Choose a colour/reference from the material options below.

• Request the material as part of a complete blind or discuss a compatible replacement/supply-only requirement.

Before you order

• Fabric dimensions and performance must be checked with the selected blind system; material width is not the maximum finished-blind width.

• Any fire classification relates to the specified material and test conditions. Confirm the current evidence required for the project.
