ROLLER BLINDS

# Senses Roller Blind

Product reference: Senses Roller Blind

A Senses roller with coordinated fascia and bottom-bar choices, offered in chain, spring and compatible motorised configurations.

- Coordinated head and bottom-bar appearance
- Manual and powered configurations
- Fabric-covering options where compatible

## Key specifications

| | |
|---|---|
| **32 mm chain configuration** | Width 300-2400 mm; drop 300-2400 mm |
| **32 mm spring configuration** | Width 750-2400 mm; drop 300-2400 mm |
| **38 mm motorised fascia configuration** | Minimum width depends on motor; maximum width 2400 mm; drop 300-2100 mm |
| **Fascia finishes** | White or silver; compatible fabric covering available |

## Options to discuss

- Covered or exposed Senses bottom bar
- White, cream, silver, anthracite and black-chrome end-cap choices
- White flush end caps for the covered lower bar

## Before you order

- Maximum drop depends on cloth weight and configuration.
- Thick fabrics may be unsuitable for a covered Senses bottom bar.
