INTERLININGS

Contract Fire-retardant Interlining

Product reference: Contract Fire-retardant Interlining

Contract interlining choices including inherently FR modacrylic and treated cotton qualities with specific care requirements.

- Select the required material quality
- Named colours and product references for a precise enquiry
- Product-specific material details and care considerations

Key specifications

Nominal material width	1370 mm

Options to discuss

- FR300 Inherently FR Modacrylic White: reference 510236.
- FR1 Cotton FR Unbleached: reference 510237.
- FR80 Heavy Cotton FR Unbleached: reference 510238.
- FR1 and FR80 require re-treatment after any wetting to meet the stated flammability requirement.

Before you order

- FR1 and FR80 treated cotton qualities require re-treatment after any wetting to restore the specified flame-performance requirement. Confirm care and treatment with the exact material.

Colour choices

FR1 Cotton FR Unbleached - 260g, FR300 Inherently FR Modacrylic White - 220g, FR80 Heavy Cotton FR Unbleached - 370g

Colour images are a guide. Ask about physical samples and confirm the selected reference, width and format before ordering.
