Enhance your living space

Perfect for every room.

A Senses Blind is the perfect window dressing for any room in your home.

Combine the Senses system with our fabrics and slats from the Style Studio Collections. The collections encapsulate a boastful array of contemporary colours and designs in a wide range of plains, textures and patterns, as well as blackout and fire retardant products.

Create your own style!

Beautiful headrail

For a luxury finish

Stylish accessories

Choice of coloured rail and endcaps
to complement your blind

Easy to operate

Variety of operating methods to best suit your needs

Quick and simple to install

With a minimum of fuss

Live the life of *Luxury*

Slow-Rise

A sophisticated one touch operation for your Roller blind allows you to select the 'rise' speed and 'stop' position of your blind, for simple control at your fingertips. This option is child safe by design, giving you peace of mind.

Elavate

A smooth, simple operation for your Pleated or Venetian Blinds. You raise or lower the bottombar to your desired position and tilt your slats by hand, without the need for cords or wands.

POWERSHADE

For ultimate luxury and convenience, select the motorised option using a remote to control your blind. A quiet and smooth operation, the motor and rechargeable battery are both discreetly contained within the blind to maintain the stylish appearance. Powershade is also entirely child safe by design.

Hive

For safety & style.

Senses Slow-Rise, Tensioned, Wand Operation, Elavate and Powershade systems have been designed to fully address concerns over safety.

Young children can be in danger of strangulation from the loops of pull, chain and bead cords. Make sure you have peace of mind.

Child Safe
