Grillo Pergola

A textured-black louvred pergola sized to complement selected Grillo outdoor kitchen layouts.

Product shown in an example setting. Colours and options vary with the specification.

Grillo Pergola combines a textured-black aluminium frame with a motorised louvred roof. Its published configurations are arranged around selected outdoor kitchen footprints, with optional side screens, lighting and heating. The pergola is the shading structure; any kitchen appliances, furniture or other equipment are specified separately.

Suitable projects

- Suitable Grillo kitchen layouts
- Outdoor dining areas with a black frame preference
- Cooking and entertaining spaces after appliance-clearance assessment

Specification at a glance

Published structure sizes	3.30 × 2.70; 3.90 × 3.90; 5.10 × 3.90; 5.94 × 3.90 m
Published height	2.50 m
Roof movement	Rotation up to 150°
Frame finish	Grillo textured black
Screen position	Below the cross beams
Operation	Motorised radio control
Drainage	Integrated guttering and nominated drainage posts

Product summary for planning. Final specification and installation requirements are confirmed in your quotation; follow the instructions supplied with your order.

Grillo Pergola

Options, practical details and the next step

Choose your options

- Small, Medium, Large and X-Large published configurations
- Optional motorised sun screens below the beams
- Dimmable LED lighting within roof louvres
- Infra-red heater
- Remote operation and compatible app equipment

Before you order

- Cooking appliances must meet their own ventilation and overhead-clearance requirements.
- A pergola quotation does not include the kitchen or appliances unless expressly stated.
- Set dimensions and current availability are confirmed before ordering.

Start with the kitchen layout

Work surfaces, cooking zones and people moving around the kitchen all need room. We compare the proposed equipment footprint with the pergola's clear internal space and post positions before selecting a configuration.

Check heat and ventilation requirements

An opening roof is not a substitute for the clearances required by a barbecue, pizza oven or other appliance. Share the appliance details early so the structure can be considered alongside the kitchen designer's requirements.

Common questions

Does the pergola include a Grillo kitchen?

No. This page describes the pergola structure and its optional shading accessories. Kitchens, cooking appliances and furniture are separate unless included explicitly in your quotation.

How many configurations are listed?

The current product dimensions table lists four: Small, Medium, Large and X-Large. We confirm the chosen size and availability before an order is accepted.

Request your quotation. Send your postcode, approximate dimensions and photographs. AdamsBlinds will discuss the specification, supply-only options or a survey and installation proposal. The final size, fabric, colour, controls, installation requirements and lead time are confirmed in your written quotation.
