CELLOTEX CELLECT FOR PRO

CelloTex Cellect Blackout

Compare CelloTex Cellect blackout fabric for Hexacell Sliderscreen PRO. Ask AdamsBlinds about Jet Black and the current sixteen-colour palette.

- Specified for the PRO system family
- Named sample choices without substituting another range
- Single- and dual-fabric requirements assessed with the opening

Key specifications

Material effect	Cellular blackout
Range size	16 listed colours; complete named palette confirmed on enquiry
Backing	White backing on coloured options; Jet Black is black on both sides
PRO fabric format	25 mm cellular format where cellular cloth is specified; mesh is a separate material

Compatible blind models

Hexacell Sliderscreen PRO

The quoted model, size and configuration determine final compatibility.

Options to discuss

- Shortlist the named samples and send your enquiry. We will confirm sample availability and any delivery charge before arranging despatch.

Before you order

- Screen settings and room lighting change the appearance of a colour. Check a physical sample before the final order.

Jet Black is the confirmed named option shown here. Ask us for the other current blackout colours; no substitute colour photograph is used.

CelloTex Cellect Blackout

Sample choices

Keep the range, colour name and reference together in your enquiry. Screen and print colours are a guide; use a physical sample for the final decision.

Sample appearance confirmed on enquiry

Jet Black

Cellect blackout

Black on both sides; physical sample requested

Sample availability and any delivery charge are confirmed by AdamsBlinds before despatch. A matching colour name in another range does not confirm compatibility.
