AdamsBlinds

YewdaleDefiant® eden blackout

shading efficiency

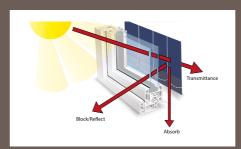

Transmittance is the amount of light and heat transmitted beyond the fabric. The lower the amount, the greater

Block/reflect is the amount of heat and light that is blocked or reflected. The higher the amount, the greater the efficiency.

Absorption is the amount of heat and light absorbed in the fabric. The higher the amount, the lower the efficiency.

Ultraviolet protection illustrates how protective the fabric is against ultraviolet rays. The higher the amount, the greater the effectiveness.

Shading Co-efficiency is tested using a single 6mm glass glazing system with and without a blind to obtain solar heat gain measurements. The heat gained with a blind at the window is divided by the solar heat gained without a blind at the window, giving the Shading Co-Efficient. The lower the result the better the performance of the blind at blocking solar heat.

eden blackout

YewdaleDefiant® eden blackout

YewdaleDefiant® Eden blackout is a stylish fabric Ash with a colour matching acrylic foam coated backing that offers a large range of choice in terms of colour and size. With 30 colours to choose from, this fabric provides superior blackout qualities that will cast any room into darkness. It is fire retardant, odourless and colour fast, with 11 colours available in additional widths and a further 10 available with a white back option. As with all Yewdale fabrics, YewdaleDefiant® Eden blackout fabric comes with a lifetime warranty. This fabric has a colour matched back as standard and has been developed to work perfectly alongside the YewdaleDefiant® Eden daylight fabric range, helping to maintain continuity across spaces that require different yet coherent levels of shading.

Fabric Composition: 100% Polyester **Fabric Range:** 30

Louvre Widths: 127mm 89mm Louvre Roll Length: 100m Roller Fabric Width: 2000mm/

Roller Fabric Length: 2500/3000mm (1)
Fabric Thickness: 0.48mm

Fabric Weight: 390 g/m²

Fire Retardancy: Conforms to BS5867, Part 2: Type B 2008
Shading: Blackout. Suitable

for computer environments

Moisture Resistance: Suitable for moist conditions

Colourfast: Conforms to BS5867 – 1: 2004 for lightfastness

when tested in accordance with ISO 105-B02:1999 Wipe with damp sponge.

Care Instructions: Wipe with damp sponge. Do not tumble dry; Do not dry clean: Do not iron

Options: White Backed ®

this fabric range comes with a full LIFETIME Warranty as standard.
