PRODUCT SELECTION / COMPONENTS AND FINISHING DETAILS

Carved Wood Blind Accents

Carved timber details for a more decorative blind and headrail arrangement.

Product illustration. The agreed specification and finish determine the supplied product.

Carved Wood Accents add a more traditional decorative element to a blind. The range uses hand-worked timber details with selected finishes, allowing the visible mechanism area and surrounding trim to become part of the interior design.

These pieces are considered alongside a compatible wood or aluminium Venetian rather than treated as a universal accessory. The scale, edge treatment and hardware colour should relate to the blind's slat proportions and to nearby architectural details.

- Handcrafted decorative character
- Coordination with selected blinds
- A choice of timber finishes

At a glance

Material	Hand-worked natural timber details
Format	Dimensions and compatible assembly confirmed individually
Supply	Quoted to the agreed product, finish and quantity
Availability	Confirmed with the factory for each quotation

Selection guide, not a technical certificate or confirmed order specification. Dimensions, finishes and availability are agreed in your quotation.

CARVED WOOD BLIND ACCENTS

Planning your specification

Options to discuss

- Available carved details
- Compatible stained or painted finishes
- Coordinated hardware appearance

Practical points

- Hand-worked pieces can vary
- Not a universal retrofit accessory
- Production quantities and compatibility require confirmation

Specifying the item

Hand carving introduces small variations between pieces. That character differs from a perfectly repeated moulded profile and should be understood when several details will be seen together. The available finish and the exact component arrangement are confirmed before quotation.

Choosing the finish and details

Send a photograph of the intended window and explain whether the accents are for a complete new blind or a component supply enquiry. We can review the required pieces, dimensions and finish together. Compatibility, availability and any production minimum are agreed for the order.

Supply and project support

AdamsBlinds can quote for compatible components on a supply-only basis or specify them within a complete supply and installation project. Send dimensions, photographs and the required quantity. We confirm compatibility, factory availability and any production minimum before an order is agreed.

Ask about Carved Wood Blind Accents

Send your postcode, approximate quantity, opening sizes and photographs. Tell us whether you need supply only or measuring and installation.
