BAMBOO BLINDS

Bamboo Blinds

Explore four bamboo blind finishes with 50 mm slats and chamfered valances. Compare white, oak-coloured, grey and black options with AdamsBlinds.

- Four finishes from white through to black
- 50 mm slats across the current range
- Distinctive chamfered valance

The Bamboo collection offers four clear colour directions: white Capella, warm oak-coloured Cordia, mid-grey Barsa and black Jarrah. Each is listed with 50 mm slats. Start with the relationship you want between the blind, frame and room: a pale background, a wood-coloured feature or a stronger painted contrast.

Bamboo has its own chamfered valance, with angled edges that finish the headrail. This distinguishes it from the contour valance used across the other real-wood collections. The result is a simple, defined outline that works with the broad horizontal slats.

Options to discuss

- Ask about compatible tapes and control arrangements for the chosen blind

Before you order

- Motor availability is confirmed for the selected blind rather than assumed from the finish name.

Finish palette

Keep the range, colour name and reference together in your enquiry. Screen and print colours are a guide; use a physical sample for the final decision.

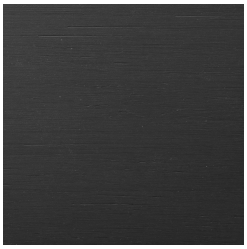

Capella
50 mm slats

Cordia
50 mm slats

Barsa
50 mm slats

Jarrah
50 mm slats

Shortlist up to 12 finishes and tapes on the website. AdamsBlinds confirms availability, sample format and any sample or delivery charge before despatch.
