ESSENTIAL WOODEN BLINDS

Essential Wooden Blinds

Explore 11 Essential wooden blind finishes in 35 mm and 50 mm slats. Compare whites, neutrals, greys and warm wood tones with AdamsBlinds.

- 11 current finishes
- 35 mm and 50 mm available throughout the range
- Contour valance

Essential is the broadest real-wood colour range in this collection. Its 11 finishes span pale whites and creams, soft neutrals, greys, darker tones and warm wood-grain appearances. Every listed finish offers 35 mm and 50 mm slats, so you can choose the visual spacing as well as the colour.

The contour valance gives the top of the blind a consistent finished edge. From there, the design can stay quiet or become more decorative through compatible tapes and finishing details. Make those choices together rather than selecting each element in isolation.

Options to discuss

- Compatible tapes and tassels confirmed with the quotation

Before you order

- A physical sample is needed when a close match to existing blinds, paint or furniture is important.
