FAUX-WOOD BLINDS

Amber

Amber faux-wood blinds have a darker embossed wood-grain finish in 35 mm or 50 mm slats. Explore the detail and request a quote from AdamsBlinds.

- Dark wood-look colour with embossed detail
- 35 mm and 50 mm slat options
- A stronger grain-led choice in the Fauxwood range

Key specifications

Collection	Fauxwood
Material	Faux wood
Finish	Dark embossed wood grain
Slat widths	35 mm and 50 mm

Options to discuss

- 35 mm or 50 mm slats
- Compatible tapes and controls agreed before manufacture

Before you order

- Amber is a faux-wood finish with an embossed surface, not a statement of natural timber species.
