FAUX-WOOD BLINDS

Desert Oak

Desert Oak faux-wood blinds offer a natural wood-look appearance in 35 mm or 50 mm slats. Compare samples and request an AdamsBlinds supply or fitting quote.

- Wood-look character within the Fauxwood collection
- Choice of 35 mm and 50 mm slats
- A useful alternative when other grain finishes offer one width

Key specifications

Collection	Fauxwood
Material	Faux wood
Finish	Natural wood-look finish
Slat widths	35 mm and 50 mm

Options to discuss

- 35 mm or 50 mm slats
- Available tape details checked for the chosen width

Before you order

- Desert Oak is a faux-wood finish; it should not be described or ordered as solid oak.
