GLOSS WOODEN BLINDS

Gloss Wooden Blinds

Explore Gloss Pure white wooden blinds with 50 mm slats and a contour valance. Compare the sheen with other white finishes and request an AdamsBlinds quote.

- White Gloss Pure finish
- 50 mm slats
- Contour valance

The current Gloss collection contains Gloss Pure: a white wooden blind with a more reflective surface. Its 50 mm slats give the finish a broad, regular pattern, while a contour valance completes the headrail. It is a focused choice when the surface sheen matters as much as the colour.

A gloss blind can sit alongside polished or shiny finishes, or introduce contrast into a room with matt walls and soft fabrics. The result depends on the light and on how many other reflective surfaces are already present. Compare a sample in the room before deciding.

Options to discuss

- Available tapes and finishing details checked for your order

Before you order

- Gloss Pure and Pure have different surfaces; sample the exact finish you intend to order.

Finish palette

Keep the range, colour name and reference together in your enquiry. Screen and print colours are a guide; use a physical sample for the final decision.

Gloss Pure
50 mm slats

Shortlist up to 12 finishes and tapes on the website. AdamsBlinds confirms availability, sample format and any sample or delivery charge before despatch.
