K100

YewdaleKestrel® Cubicle curtain tracks

yewdale Kestrel®
MAGNETIC ANTI-LIGATURE SYSTEM

K100 Cubicle curtain tracks

Features:

The rigid, high-grade aluminium track section and maintenance-free, wheeled roller hooks are just an introduction to the many features of the YewdaleKestrel® K100 Cubicle Curtain Tracks, which is in use in many hospitals globally. Designed to give years of trouble-free service and specifically for high-risk mental health areas, this curtain divider track system uses magnetic wall-fix brackets where tracks meet the wall, and magnetic top-fix brackets where suspension hangers meet the ceiling. This ensures that, under excess load, the suspension hanger separates from the ceiling bracket leaving no remaining points of ligature - a highly essential safety feature, as it is surprisingly easy to attach a cord to a fixed vertical rod and use it as a ligature point. Supplied with a curtain removal point as standard.

Benefits:

Strength and simplicity make the K100 the first choice for a full number of applications. The maintenance-free, premium quality track system has a strong and attractive aluminium profile which offers you more for less, in that it is able to span 2.5 metres between hangers, providing long term reliability. In a similar fashion, curtain removal points are provided as standard on every track for added convenience when replacing curtains. The self-lubricating roller runner hooks are quickly loaded into the track through this point of access. Mounted on magnetic brackets for 100% fail-safe* anti-ligature functionality. Complies fully with the requirements of HTM66.

Options:

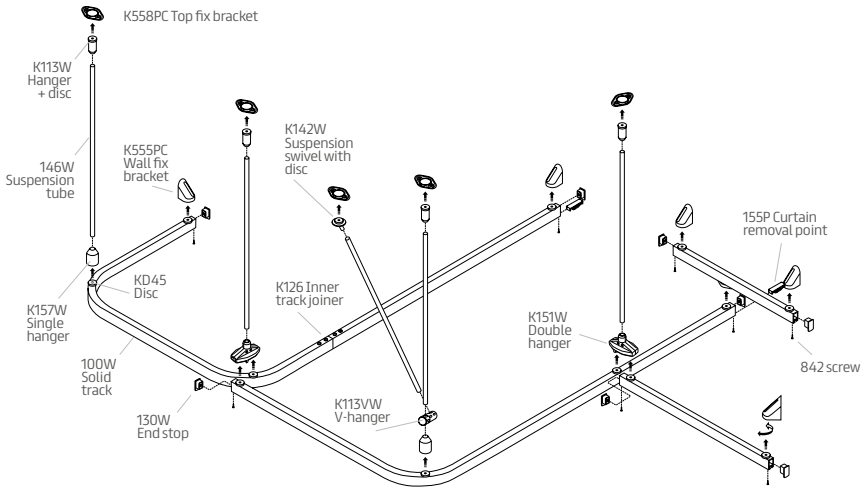

Silver anodised track; Any RAL colour available to order; Biosafe® antibacterial treatment option available within white powder-coated finish only.

Specification:

The magnetic anti-ligature YewdaleKestrel® K100 Cubicle Curtain Track system as manufactured by Yewdale, +44 (0)1268 570900. Track manufactured from premium quality aluminium with silver anodised / white powder-coated finish, able to span 2.5 metres without support. Double hangers to ensure full functionality of system. Complete with roller runner hooks at 10 per metre, curtain removal points per section and magnetic wall-fix/top-fix brackets, and overlaps as necessary, spaced in accordance with manufacturer's recommendations. Fitting to be carried out by trained and accredited personnel.

YewdaleMovatrack® is the only approved curtain divider track system to be used with YewdaleKestrel®
