Please note
All information, which are based on average values, are intended as a guide only. Measured at 200cm width with 1200 gram as total weight of bottom rail including additional weights. Used profile rail thickness is 2cm. Calculations may vary depending on the used hardware system. Cell count includes the ones inserted into top and bottom rails. Cells hold a Natural D shape. If excessive tension is applied the cells will present flat and tearing may occur.
