YewdaleKestrel® Fixed Mounting plates

yewdale Kestrel®
MAGNETIC ANTI-LIGATURE SYSTEM

K08 Fixed Mounting plates

Features:

Many items may be converted to anti-ligature status by mounting them on YewdaleKestrel® mounting plates. For larger accessories, where the item can be used as a weapon, the mounting plate can be fixed directly to the wall using anti-tamper fixings. The accessory is held against the mounting plate solely by magnets on the mounting plate and fitted to the back of the accessory. Medium and large plates are available for larger items. K08BW has a load release of approx. 20kg, whilst the K08CW has a load release of approx. 30kg with KM5 magnets and 40kg with KM6 magnets. Testing certificate available on request.

K08BW

190 x 330mm mounting plate with anti-tamper fixings (screws and magnets) Suitable for soap dispensers, etc.

K08CW

330 x 470mm mounting plate with anti-tamper fixings (screws and magnets) Suitable for towel dispensers, etc.
